PROFILE

Driven and enthusiastic medical writing team lead with over 10 years of agency experience, and a passion for creating meaningful communications in pharmaceutical advertising. Worked across multiple therapy areas, including oncology, virology/infectious disease, mental health, and haematology. Zeal for working with creative and strategic teams to problem-solve and come up with innovative ways of approaching a brief. Loves work that strongly blends medical and creative functions to deliver outstanding value in the healthcare space.

EXPERIENCE

LANGLAND, PUBLICIS HEALTH GROUPE; London, UK

Associate Director of Medical Copy | Apr 2025 – Present
Principal Medical Copywriter | Jan 2023 – Apr 2025

Expert medical copywriting and co-leader of a team of 10+ medical copywriters, overseeing medical aspects of ca. £5M of business.

Develop and oversee copy and content for multiple audiences, across a range of therapeutic areas and medical treatment services, including oncology, ophthalmology, respiratory, transplant medicine, radiology/imaging, and proton therapy.

HAVAS LYNX GROUP; Manchester/London, UK

Various medical writing roles to Associate Director of Medical Writing | Jun 2017 – Dec 2022

Medical writing team lead, developing copy across HCP, patient, and public awareness campaigns. Lead a team of three junior members to create impactful content with the aim of driving business and ensuring meaningful outcomes for business, HCPs, and patients alike.

- Content and scientific lead, developing accurate and compliant medical copy across a range of award-winning campaigns
- Worked closely with creative and strategic functions to ensure copy is appropriate for channels and audience
- Oversaw a team of mid-weight and junior medical writers, managing their work, deliverables, and personal development
- Responsible for maintaining high standards of medical copy within the team
- Developed a positive environment to ensure ongoing collaborative practices, pushing creativity across communications and ensuring strategic alignment at all times while challenging approaches to evolve our offering and deliver innovative solutions
- Developed relationships with commercial and medical clients as expert content lead
- Senior member of the Medical/Scientific function at an agency level, contributing to management of the function across the agency and providing guidance/advice to other teams
- Agency lead in various training initiatives, including oncology and up-skilling medical writers across professional levels as part of the *LX Academy*
- Faculty Member of the Havas Lynx *Switched ONcology* initiative
- Experience working to ABPI, EFPIA, and other local codes of practice

HAVAS LYNX GROUP; Manchester/London, UK

Account handling roles to the level of SAM | Aug 2012 – Jun 2017

Began my career at Havas Lynx Group in Account Handling, working across multiple clients and eventually became the lead on all Roche projects within the agency, and expert on their ways of working, processes, and key portfolios. This period in my career was invaluable for learning the ins-and-outs of agency life, and developing an understanding of resource and project management.

EDUCATION

UNIVERSITY OF KENT; Canterbury, UK

PhD Biochemistry | Sep 2008 – Jul 2012

Studies in animal health and comparative oncology, exploring the role of the HER2 receptor in canine mammary cancer. *Thesis available online from the British Library* [here](#).

UNIVERSITY OF KENT; Canterbury, UK

BSc(Hons) Forensic Biology | Sep 2005 – Aug 2008

Studies included biology, law, and forensic investigative techniques.

RUNNYMEDE COLLEGE INTERNATIONAL SCHOOL; Madrid, Spain

GCSEs & A-levels, including Biology, Chemistry, Mathematics, Geography, English Language/Literature, Spanish, and French.
